- Image Resolution: 300dpi or higher
- Crop marks and 3mm bleed are included
- Accepted format: PDF (one file)

Please upload **one PDF** including two copies of artwork - **one with cutter guide visible and one without.**

Finished Size - This is the finished size of the product once cut.

Safe Area - We recommend keeping text and images out of the grey area, remaining in white box.

3mm Bleed - Please extend your artwork into the bleed if you are using full colour or imagery in the background. Anything within this area will be removed once cut.

Crease - These lines will be creased to create folds. For best results do not place small text across these lines.
